

Please forward file letter that follows until the brochures go out for 1994.

Dear M [REDACTED] S [REDACTED] M [REDACTED] L [REDACTED], Y [REDACTED], Al [REDACTED], C [REDACTED], V [REDACTED] and A [REDACTED],

This is just a note to make the sending of the CAE brochures for courses in 1994 less anonymous.

Many things will have happened since those cold summer days in the Girton Vicarage: How many days have you been on the road since then, A [REDACTED], how many new patents, V [REDACTED], do German orders now represent more than 40% of export volume, C [REDACTED]

Do you remember us on the river in those two punts? I remember wondering how much M [REDACTED] S [REDACTED] was seeing the river sights within a visual frame of traditional Korean art.

A voice of greeting from an off-shore European island,

Mario.
