

2nd Wed

Dear Everybody,

There was something different about us yesterday though I cannot put my finger on exactly what ~~it~~ was. Of course my first task is to check my own mental filters and wonder if it is just my way of seeing and feeling. No I don't think it is just me. A has told me of a certain heaviness she feels.... so it is not just my ~~perfe~~ perferoid imagination. I was aware that O. blocked at one point during the lipogram activity yesterday morning.

After a sunny week together it is quite natural for us to go into a different sort of mood, maybe one that is less frothy and fun. In this mood our doubts surface, our ifs and our buts; sometimes, too, our relationship to others in the group may modify, with certain

Tensions surfacing and coming
to the fore.

You ~~will~~^{may} accuse me of
generalising and talk^{ing} ~~out~~ about
"the group". I am well aware that
each person here is ⁱⁿ their own emotional
world and that it is unlikely that
each of us feels the same. There
will be a wide variety of feelings,
I guess.

Maybe worth a moment's
plenary reflection on these matters,
as we still have 25% of the course
ahead of us.

Pensieroso,

Mass

Dear D.

What do you like about geography?

Are you a person whose mind is full of landscapes? When you dream at night do you have a very strong perception of space? Do you always know where you are in the dream?

I wonder if, for you, golf is a geographical game? I also wonder if your golfing rhythm is similar to R's? His rhythm appears to be quite a gentle, leisurely one.

I find working with ^{you} an enjoyable and enriching experience.

A pity you are only here for one week, though I realise you may well be missing your family.

Warmly yours,
