

First Monday My process

- Realising the depth of the Senti neg belief system
re-reading his notes
- Realising E's shyness/sensitivity: eg when played back to by A.
- Where are P's boundaries "I don't know if she mirrored me because I can't see myself" + unsigned letters?
- H's sharp prof beliefs - eg around MT/TL. FLEXIBILITY
- These seem real beginners in this area, except A, who seems very aware.
- F. for me gently present. She makes herself light.
- I am thrilled to be with a beginner class, in any subject: awesome task - they are open -
