

To J [REDACTED]

Week 2 of first ENG for T fortnight

1. We need something in the book about Group dynamic theory eg honeymoon, storm, marriage.

We need something in the book about TASK GROUP here and now STUFF from before

On this course there was loads of all that.

2. I need to present the next lot with loads of juicy correction options and also to introduce New Oral Gra in first week.

Bit one of that will look at teaching results from Co-Build, while bit 2 will look at McCarthy and Carter.

3. I want to do some reflection on teacher language, a la Marcia Karp.

4. Do I want to bring in reflection on group process of an overt sort? Maybe.

5. I want to try the Cooper idea of a person doing snippet recording, and us then looking at that next day. Language and revision.

Feels like I am going somewhere.

Mario.
